

The Brick Initiative

Over the past few years we have seen a momentum of change at the Charleston Tennis Club that hasn't been seen in decades. With the increased number of members and use of our playground and outdoor recreation areas, the need to improve those areas is greater than ever.

The "Brick Initiative" is an affordable way for our members to contribute to this wonderful project, leaving a legacy at CTC and helping to beautify our playground area. Your engraved bricks will be used to create a walkway from the playground area to the basketball courts, giving our kids a safe pathway to fun.

Funds from the sale of these bricks will be used to fund the purchase of items to upgrade our playground equipment. We have already made several improvements, including the addition of a new swing set, a new Sky Runner, benches, mulch and timbers. But there is still much more to improve! Our current project is to raise enough funds to purchase the Complete Playground System shown at right, for a cost of \$16,500.00.

We will be placing our **FINAL** brick order in March 2010, so there is still time to help us build a beautiful and safe place for our children. We will have the sidewalk in place by this summer. If you have any questions, please call Ronnie Murat at (304) 357-6521.

COMPLETE AND RETURN YOUR ORDER FORM TODAY! Thank you!
