CTC Brick Initiative

An Effort to Improve our Playground

In 2008, CTC began the Brick Initiative, an effort to raise funds for improvements to our existing picnic and playground area. With the purchase of a personalized brick, members can commemorate someone special while helping to create a beautiful and safe area for our children. We have already made a few updates with the addition of benches, mulch, and two brand new pieces of playground equipment. There is still much to do!

We are now ready to purchase all the bricks that have been ordered and will have the sidewalk in place just in time for summer. A final order will be placed next month so there is still time to leave your legacy at CTC. Please see the enclosed flyer for more information. Thank you!
